

## **Conference 5 | A Dwelling Place in Our Hearts**

### *Questions for Personal Reflection*

1. Fr. Jacques Philippe boldly and truthfully states that “God comes to make his dwelling place within the heart of man.” Am I conscientious of this reality?

2. St. Teresa of Avila shares with her Sisters,

*“I understood that I had a soul, but what that soul merited and who dwelt in it I did not understand because of the vanities of life covered my eyes with a blindfold. If I had understood as I do fully now that in the little Palace of my soul such a great King was living, I think I would not have left Him alone...I would have remained in company with Him and would have tried to make His Palace less dirty.”*

What are my vanities in life? My blindfold?

3. Where can I find opportunities to pray 2-3 seconds in thanksgiving for what God is doing in my life? Work? Grocery store? Running errands?
4. Who is my neighbor that God is inviting me to be in his/her presence to encounter Him more deeply?
5. What is one grace that I received from this retreat that I can go back to when life is hard?
